

ZEST THEATRE

Refresh Workshop Consent Form

Commissioned by South East Lincolnshire Council Partnership, Zest Theatre will soon be running *Refresh* workshops with young people in schools, colleges, and community groups across South East Lincolnshire. If you're reading this, then we'll be coming to your child's school soon! In each workshop, our experienced team create a safe space for young people to share their thoughts, experiences, questions, advice, and hopes for the future.

Later this Autumn, their words will be turned into vibrant artworks and displayed across South East Lincolnshire! The purpose of this form is to allow you to give your consent for Zest Theatre to use the recording of your child's conversation and their writing from the workshops as reference and source material for the artworks.

Please read the statements below and if you agree to them, please sign the consent form.

"I hereby consent to Zest Theatre recording audio and collecting text from me at the facilitated workshop at my child's school, college, or community group. Transcribed text may be shared as part of Zest's feedback to their funding commissioners, replicated as part of a public art installation, on social media and on Zest's website, or in other PR or marketing publication contexts. In all cases, I understand that only my child's first name and age will be associated with any transcribed text that is shared.

I understand that:

Zest will record the facilitated conversation and obtain text responses through in-session writing exercises, with the audio and text files will be used as reference and source material for the purposes of this project only.

Zest will hold original audio data for no more than 6 months, after which point it will be deleted from Zest's servers. A text based digital archive of transcriptions will be held for the duration of the project to remain compliant with the statements below. Recordings will be held in accordance with the GDPR guidelines (the General Data Protection Regulation).

Any intellectual property that arises from the recordings and submitted text will belong to Zest.

I can ask Zest to stop using recordings or text at any time, in which case efforts will be taken to prevent them being used in future digital and offline publications but they may continue to appear in publications already printed and/or in circulation."
